Barton Academy Notes.

Twenty-four B. A. girls and three countrymen enjoyed the first hike of the Blue Triangle club Saturday. The object of this hike was a "Partridge Berry Hunt." The starting point was Frank May's house. They were led along the shore of Crystal lake until the cottages were reached. Here they built a fire, toasted marshmallows, apples and popped corn. Each one gathered a generous bunch of berries. The chief topic of discussion was the purpose and organization of the Blue Triangle club. When dusk began to fall the happy crowd started along the trail over Barton mountain reaching the starting point around 6 o'clock, when three rousing cheers were sent up for the councilors and the club. The hike took in about five miles. The girls departed looking forward to next month and another good time.
